SDG 16.2.2:

Students' union

Yes, the Students' Union of our college has existed for nearly 11 years, based mainly on the spirit of democracy with the intention of encouraging students to manage their affairs, maintain campus harmony, and enhance their well-being.

The president and vice president of the Students Union are elected by all undergraduate students annually. The elected President of the MUC Students' Union is a member of the college Council.

The Students' Union bridges the communication gap between students and our college administration. They are responsible for collecting students' opinions. Students' representatives regularly attend meetings related to college affairs, executive meetings, academic meetings, and other relevant meetings. In addition, the Students' Union also assists in the communication of students' opinions and the pursuit of students' rights.
