Setting up a Gmail account

To create a Gmail address, you'll first need to create a Google account. Gmail will redirect you to the Google account sign-up page. You'll need to provide some basic information like your name, birth date, gender, and location. You will also need to choose a name for your new Gmail address. Once you create an account, you'll be able to start adding contacts and adjusting your mail settings.

To create an account:

1. Go to www.gmail.com.
2. Click **Create account**

The screenshot shows the Google sign-in interface. At the top is the Google logo, followed by the text "Sign in with your Google Account". Below this is a text input field labeled "Email or phone". Underneath the input field is a link for "Forgot email?". Further down, there is a message: "Not your computer? Use Guest mode to sign in privately." with a "Learn more" link. At the bottom, there are two buttons: "Create account" (highlighted with a mouse cursor) and "Next".

WEB BROWSERS

3. The **sign-up** form will appear.
Follow the directions
by entering the required information.

The image shows a screenshot of the Google Account creation sign-up form. The form is titled "Create your Google Account" and features the Google logo at the top left. The form fields are as follows:

- First name:** Elena
- Last name:** Casarosa
- Username:** ecasarosa3 @gmail.com
- Available usernames:** casarosae6, elenacasarosa895, casarosaelena106
- Use my current email address instead:** (checked)
- Password:** (masked with dots)
- Confirm password:** (masked with dots)

Below the password fields, there is a note: "Use 8 or more characters with a mix of letters, numbers & symbols". At the bottom left, there is a link for "Sign in instead". At the bottom right, there is a blue "Next" button with a hand cursor pointing to it.

On the right side of the form, there is a graphic of a blue shield with a white person icon, and a laptop displaying icons for YouTube, Gmail, and Maps. Below the graphic, the text reads: "One account. All of Google working for you."

WEB BROWSERS

4. Next, enter your **phone number** to verify your account. Google uses a two-step verification process for your security.

The screenshot shows a Google account verification page. At the top left is the Google logo. Below it, the heading reads "Verify your phone number". A sub-heading explains: "For your security, Google wants to make sure it's really you. Google will send a text message with a 6-digit verification code. *Standard rates apply*".

Below the text is a form with a country selector (USA) and a text input field containing the phone number "9195559555". To the left of the input field is a "Back" link. To the right is a blue "Next" button with a mouse cursor hovering over it.

On the right side of the page, there is an illustration featuring a blue shield with a white padlock, a red balloon, a laptop, a smartphone, and a birthday cake. Below this illustration, the text reads: "Your personal info is private & safe".

Privacy and Terms

We also combine this data among our services and across your devices for these purposes. For example, depending on your account settings, we show you ads based on information about your interests, which we can derive from your use of Search and YouTube, and we use data from trillions of search queries to build spell-correction models that we use across all of our services.

You're in control
Depending on your account settings, some of this data may be associated with your Google Account and we treat this data as personal information. You can control how we collect and use this data now by clicking "More Options" below. You can always adjust your controls later or withdraw your consent for the future by visiting My Account (myaccount.google.com).
