

	SUBJECT: Principles of Cyber Security		CODE: CYSP115		MARK: /5
	TOPIC: Lecture 01 - 04				
	ASSESSMENT: Homework		NO: 1	TIME: 3 Days	

NAME: _____

ID NO.: _____

Instruction:

- This homework carries out 5% from your assessment mark.
- This homework is a group homework of **FIVE (5)** members not more than.

Case study

Have students research at least 3 of the leading **Authentication Solutions** most common today. You should compare features offered by each of the 3 Solutions and write a recommendation on which **Authentication Solutions** they feel an organization should use to protect information technology resources and by securing authentication technologies.

Good Luck
