Amplitude Modulation and Demodulation

Object :

To Study an amplitude modulated signal, Comparing the modulated signal and the demodulated wave envelope.

-Tools :-

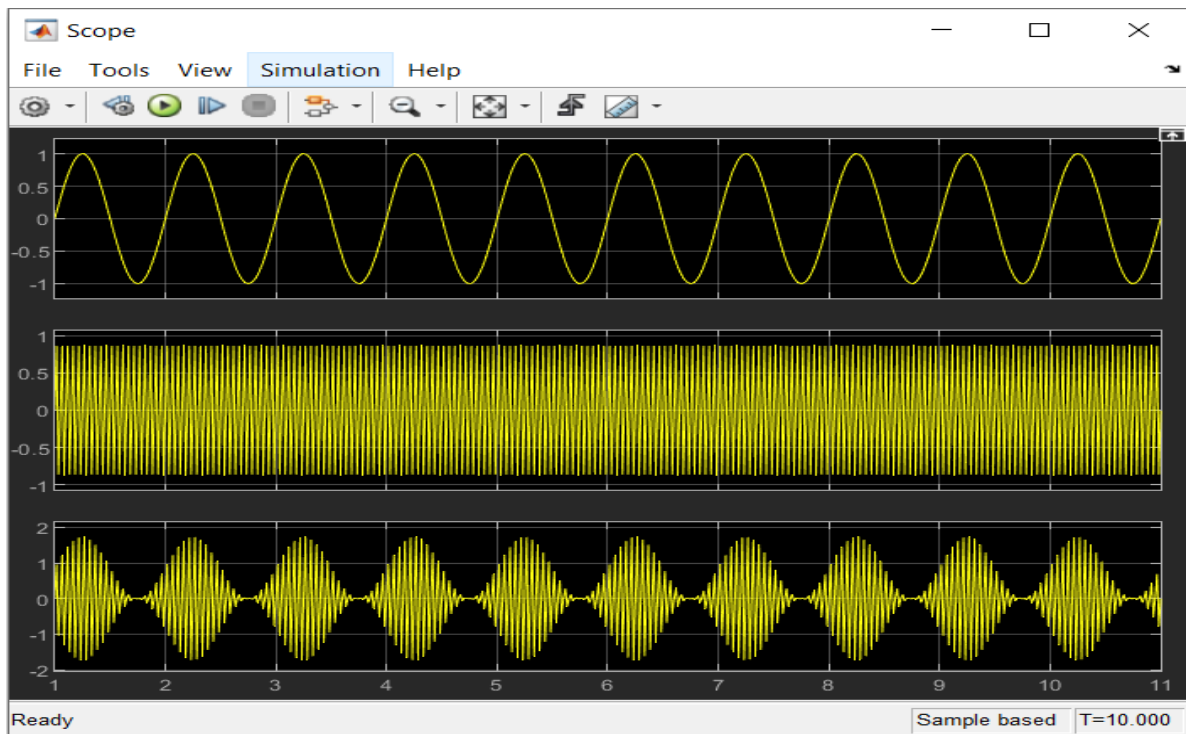

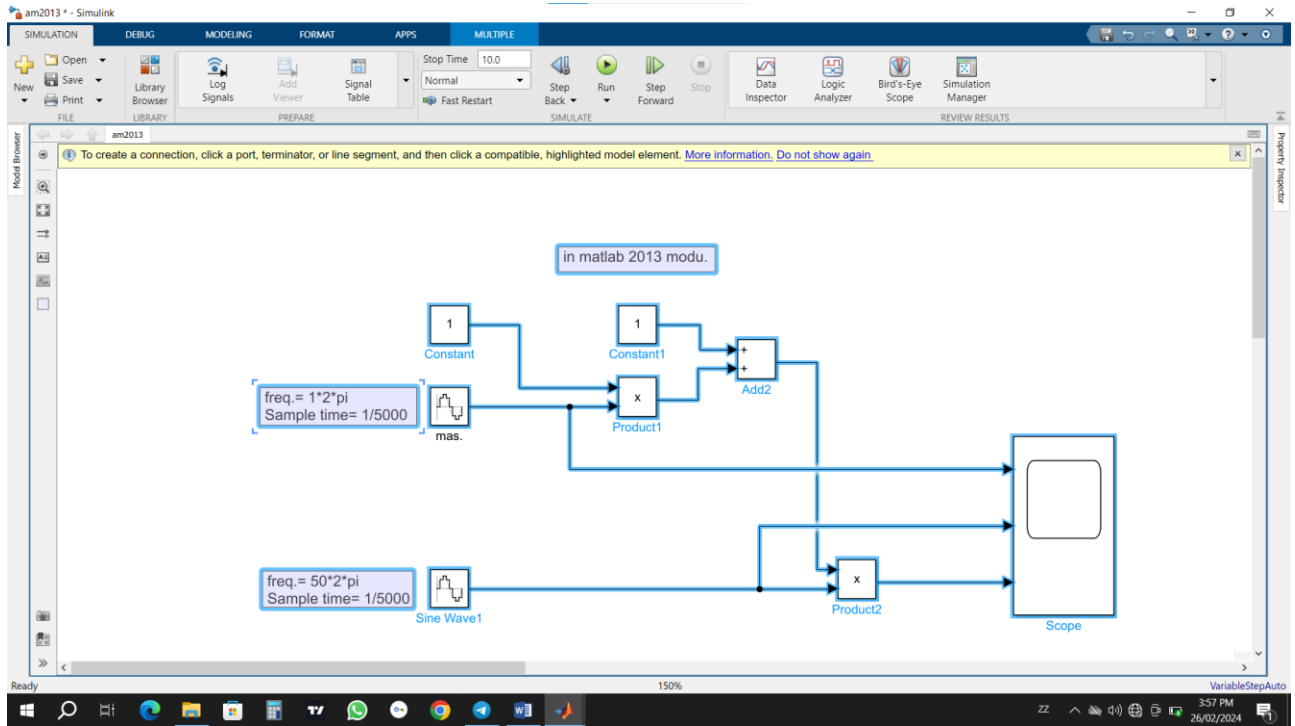

Computer by using **Matlab** program

The experiment is applied in the lab.

• Steps...

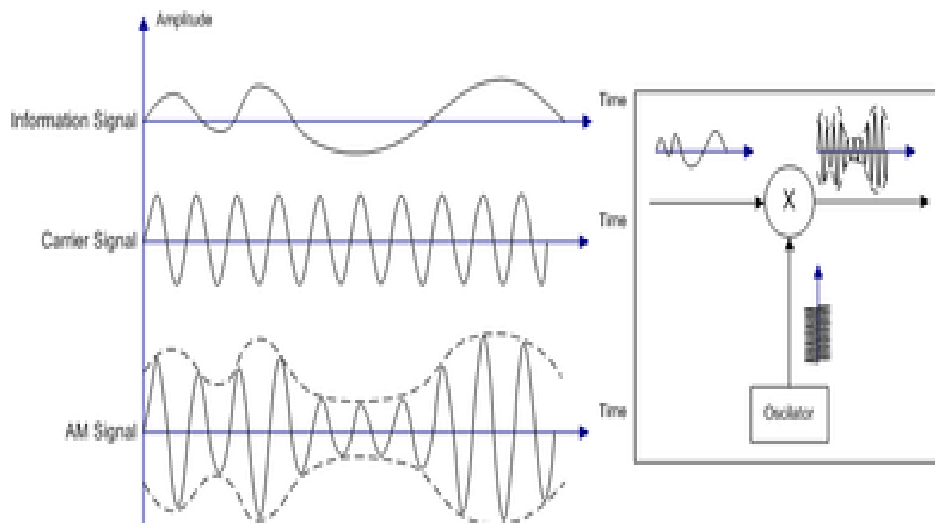

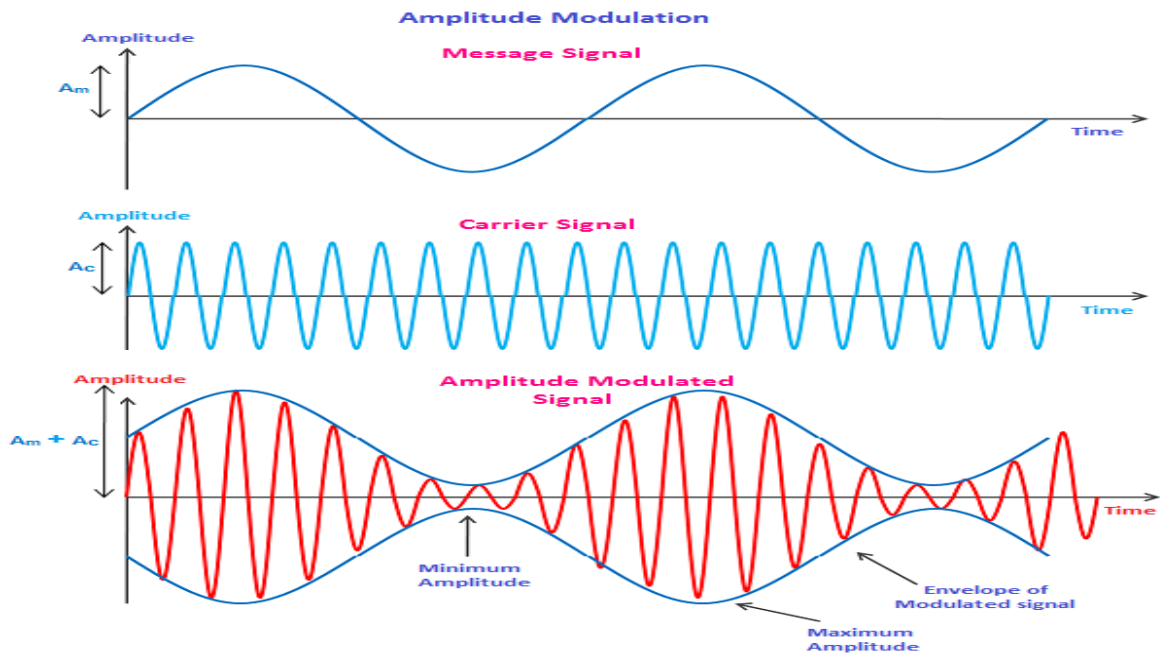

- 1- Constant 2
- 2- Sine wave 2
- 3- Product 2
- 4- Add 1
- 5- Scope 1

• Connect the chart :-

Communications Foundations

Amplitude Demodulation

• Steps...

- 1- Constant 3
- 2- Sine wave 2
- 3- Product 2
- 4- Add 2
- 5- Saturation..... 1
- 6- Analog Filter ...1
- 7- Scope 1
